

Dear President Baumgartner,

Congratulations on being appointed as the sixth President of Milwaukee School of Engineering (MSOE)!

As students and concerned community members, we would like to remind leaders at MSOE to consider the Raider Values of Inclusion and Belonging.

The MSOE Young Democratic Socialists of America (YDSA) chapter, along with community members, leaders, and organizations, are calling for the following actions:

1. The lease for 310 E Knapp St. Milwaukee, Wisconsin 53202 is to be made available and accessible to all faculty, staff and students.
2. A public statement from the Office of the President, on behalf of MSOE, voicing support for international and immigrant students must be made. MSOE's first priority should be ensuring the safety and wellbeing of all students.
3. A public commitment to removing the General Services Administration (GSA) from 310 E Knapp St., along with transparency about the future of the building.
4. A public statement from the Office of the President, on behalf of MSOE, condemning the actions of Immigration and Customs Enforcement (ICE) and Homeland Security.

Thank you,
